EXPERIENCE **BERG DESIGN ARCHITECTS** NEW YORK, NY

ARCHITECTURAL INTERN July 2007 - Present

Worked within all phases of design on a wide range of residential projects including single family, multiple family and commercial housing. Main responsibilities included CAD drafting, 3D modeling, rendering, preparing project specifications, taking field measurements, creating existing condition drawings and preparing bid packages. Produced numerous sets of construction documents, building permit drawings, and design development drawings as well as marketing material.

CJS ARCHITECTS LLP ROCHESTER, NY

ARCHITECTURAL INTERN Summers of 2004, 2005, 2006

Assisted in schematic design, design development and construction documents on large cultural and educational projects. Collaborated in the production of schematic drawings and construction documents as well as the creation of digital models and renderings. Other tasks included preparation of presentation boards, researching and ordering various product samples and re-organizing the office's project catalogue.

SKILLS **COMPUTER**

Proficient in AutoCAD, Rhinoceros, Vray, Photoshop, Illustrator, In-Design, Microsoft Office, and Res-Check. Working knowledge of 3D Studio Max and Revit.

OTHER

Skills include hand sketching, drafting, rendering, physical model construction, woodworking, and laser cutting. 35mm film photography, darkroom processing and digital photography.
